## EDUCATION

- 2021 - 2025
- KIBABII UNIVERSITY
- Bachelor of Science in Computer Science

Expected Graduation:  
December 2025

## SKILLS

- Java, Python, JavaScript
- Django, Node.js, Flask
- HTML, CSS, Bootstrap
- MySQL, SQLite
- Git & GitHub
- VS Code, Postman

## LANGUAGES

- English (Fluent)
- Kiswahili (Fluent)

## PROFILE

A highly driven and detail-oriented Computer Science graduate of Kibabii University, anticipated graduation in December 2025. Proficient in Java, Python, Django, and Node.js with hands-on experience in web and software development. Experienced in creating user-focused, responsive applications with an appetite for innovation and problem-solving in high-pressure development environments.

## WORK EXPERIENCE

### Software Developer group (GDSC)

Kibabii University  
2023

- Collaborated with developers to design and implement new features in internal web applications.
- Maintained and improved database systems for data security and consistency.
- Participated in code reviews to enhance software performance and structure. Resolved bugs and deployment issues effectively.

### Web Designer & Developer (Training Projects)

2024 - 2025

- Built responsive, cross-browser websites using HTML, CSS, and JavaScript.
- Created user-friendly interfaces for seamless navigation and interaction.
- Integrated backend systems using Django and Flask for dynamic web functionality.
